Albert Camus (roman) Partea întâi I Astăzi a murit mama. Sau poate ieri, nu știu. Am primit o telegramă de la azil: "Mama decedată. Înormântarea mâine. Sincere condoleanțe." Asta nu înseamnă nimic. Poate că a fost ieri. Azilul de bătrâni e la Marengo, la optzeci de kilometri de Alger. Voi lua autobuzul la ora două și voi sosi în cursul după-amiezii. Astfel, voi putea sta de ...

Străinul de Albert Camus este un roman filozofic scris la prima vedere în același ritm impus de personalitatea și replicile monosilabice ale personajului principal, Meursault. Mai mult decât filozofie, este un manifest la adresa regulilor societății, care pune cu mare rapiditate etichete celor care nu se conformează regulilor sale.

Albert Camus □ THE STRANGER was in place, but the screws had been given only a few turns and their nicked heads stuck out above the wood, which was stained dark walnut. An Arab woman—a nurse, I supposed—was sitting beside the bier; she was wearing a blue smock and had a rather gaudy scarf wound round her hair.

The Stranger, unabridged.

With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward.

Endorsements: "The reissue of Camus' seminal essay, 'Neither Victims nor Executioners, ' could hardly be more timely. In Iraq and Afghanistan, the hideous march to oblivion goes on apace. America is ironically reversing the ethic proposed by Camus' title. American adventuring, playing the part of omnipotent executioner, is creating multitudes of victims. No search is undertaken for a 'third way.' Indeed, were the Camus thesis proposed, it would evoke only wide-eyed innocent arrogance. Kennedy and Klotz-Chamberlin have dedicated a lifetime to the 'third way' commended by Camus. Our gratitude to our mentors for a prescient, timely introduction." --Fr. Daniel Berrigan, SJ "Pacifists are not looking for a Utopian outlook nor unrealistic expectations. Many said, 'South Africa will not change.' But it did. Others looked at Northern Ireland and, it took years, but it also changed. The Soviet Union changed. The Middle East will change but not through violence or murder. We still think of ourselves within borders, protecting ourselves from others, Europe took its borders away and they are better. South, Central, and North America should take away their borders, as well as people in the Middle East. . . . We should build a culture of nonviolence through an understanding of human rights without regard to race, religion, and nationality." --Mubarak Awad, founder of Nonviolence International "If we spontaneously approve of nuclear terrorism, if we become apologists for the uninhibited use of naked power, we are thinking like Communists, we are behaving like Nazis, and we are well on the way to becoming either one or the other. In that event we had better face the fact that we are destroying our own Christian heritage." --Thomas Merton Author Biography: Albert Camus (November 7, 1913 - January 4, 1960) was a French author and philosopher and one of the principal luminaries (with Jean-Paul Sartre) of existentialism. He was awarded the Nobel Prize for Literature in 1957.

The day his mother dies, Meursault notices that it is very hot on the bus that is taking him from Algiers to the retirement home where his mother lived; so hot that he falls asleep. Later, while waiting for the wake to begin, the harsh electric lights in the room make him extremely uncomfortable, so he gratefully accepts the coffee the caretaker offers him and smokes a cigarette. The same burning sun that so oppresses him during the funeral walk will once again blind the calm, reserved Meursault as he walks along a deserted beach a few days later—leading him to commit an irreparable act. This new illustrated edition of Camus's classic novel The Stranger portrays an enigmatic man who commits a senseless crime and then calmly, and apparently indifferently, sits through his trial and hears himself condemned to death.

In his first novel, *A Happy Death*, written when he was in his early twenties and retrieved from his private papers following his death in 1960, Albert Camus laid the foundation for *The Stranger*, focusing in both works on an Algerian clerk who kills a man in cold blood. But he also revealed himself to an extent that he never would in his later fiction. For if *A Happy Death* is the study of a rule-bound being shattering the fetters of his existence, it is also a remarkably candid portrait of its author as a young man. As the novel follows the protagonist, Patrice Mersault, to his victim's house -- and then, fleeing, in a journey that takes him through stages of exile, hedonism, privation, and death -it gives us a glimpse into the imagination of one of the great writers of the twentieth century. For here is the young Camus himself, in love with the sea and sun, enraptured by women yet disdainful of romantic love, and already formulating the philosophy of action and moral responsibility that would make him central to the thought of our time.
