(PDF) CHAPTER 1: INTRODUCTION TO SUPPLY CHAIN MANAGEMENT ...

What is Supply Chain Management? There is a lot of confusion over what supply chain management is. Some consider it “logistics outside the firm” but the CLM definition of logistics includes “point of origin to point of consumption” so that can’t be right. We will define supply chain management as “the integration of key business processes from end user through original suppliers that provides products, services, and information that add value for customers and other stakeholders ...
