a world economic power, the Chinese Communist Party's treatment of ethnic minorities, women's experiences under the Communist regime, and China's human rights record. Fully updated throughout, the third edition includes: a new chapter focusing on China since 2010 discussion of current issues such as China's territorial disputes, computer hacking and cyber-espionage, corruption, leadership changes, and the slowing of China's economic growth extensively revised chapters on China and the World and on Government, Politics and the Economy An updated selection of primary source documents. Also containing a chronology of events from 1949 to 2015, a Who's Who of key figures, a glossary and a guide to further reading, China Since 1949 is an accessible and engaging introduction to China's recent past and essential reading for students of modern Chinese history.

In the first half of the twentieth century, China moved from a millennium of imperial rule to the Communist Party-led People's Republic of China which remains today. China in Transformation argues that this enormously significant period in Chinese history saw wrenching change throughout Chinese society amounting to a social, cultural and political transformation. This new, fully revised and updated edition takes full advantage of new research and formerly unavailable material to analyse the fascinating processes of

revolution, reform, reaction and change in China during the period. Mackerras: · Discusses the wars, occupations and uprisings that marked the period, including the Boxer Rebellion and the Japanese occupation and includes a new chapter on postwar China and the Civil War · Examines nation-building and revolutions, including the successful communist movement that has led to the rise of today's state · Acknowledges the prevalence of poverty and famine in the period but also gives space to the areas in which there was progress: the introduction of mass, secular education, improvements in the status of women, and in a new chapter, details significant developments in culture, literature and theatre Written in an accessible style, with a rich collection of Documents, Chronology, Glossary, a Guide to Further Reading, and a Who's Who summarising the careers and contributions of the main figures, this new edition is essential for all those interested in understanding China's modern history.

The conflict between Russia and America shaped the world for over four decades. Both were universalist powers - they wanted every country in the world to copy their model of government and economy. They could not rest until the other side had been vanquished, and until the mid-1980s this included the prospect of nuclear war. In a new edition of one of the best-selling books in the Seminar Studies in History

1949 is an accessible and engaging introduction to China's recent past and essential reading for students of modern Chinese history.

Origins of the Cold War 1941-1949 covers the formative years of the momentous struggle which developed between two superpowers, the Soviet Union and the United States. It not only involved these titans but also the rest of the globe; many proxy wars were fought much to the detriment of the developing world. In a clear, concise manner, this book explains how the Cold War originated and developed between 1941 and 1949. The fourth edition is revised, updated and expanded to include new material on topics such as the culture wars and Stalin's view of Marxism. The introduction looks at the various approaches which have been adopted to analyse the Cold War and the challenges to arrive at a theory which can explain it. The book explores questions such as: - Who was responsible for the Cold War? - Was it inevitable or could it have been avoided? - Was Stalin genuinely interested in a post-war agreement? Illustrated with maps and figures and containing a chronology and who's who of key individuals, Origins of the Cold War 1941-1949 incorporates the most recent scholarship, theories and information to provide students with an invaluable introduction to a fascinating period that shaped today's world.

Now in its fifth edition, *Origins of the Cold War 1941-1949* covers the formative years of the momentous struggle that developed between two superpowers, the United States and the Soviet Union. This accessible text explains how the Cold War originated and developed between 1941 and 1949 and involved the entire globe, with proxy wars being fought much to the detriment of the developing world. The fifth edition is revised, updated and expanded to include new material on topics such as the efforts of the Soviet Union, the UK and France to prevent the outbreak of World War II; the reasons behind the Molotov-Ribbentrop Pact; atomic diplomacy and the role played by Soviet spies in the West; the culture wars and propaganda; Churchill's efforts to entice the US into the war against Germany; the role of Hollywood in promoting intervention; the US's insouciance concerning the danger of a Japanese attack; the astonishing success of the Soviet Union in recruiting high level American officials to provide invaluable information on politics, science, engineering and avionics; and more. Incorporating the most recent scholarship, Martin McCauley provides students with an invaluable introduction to a fascinating period that shaped today's world. The book is an important staple for courses on modern global history and international affairs.

in 1949, focusing on trauma, memory, and identity.

What changes in China's modern defense policy reveal about military organizations and strategy Active Defense offers the first systematic look at China's military strategy from the mid-twentieth century to today. Exploring the range and intensity of threats that China has faced, M. Taylor Fravel illuminates the nation's past and present military goals, and offers a rich set of cases for deepening the study of how and why states alter their defense policies.
