Communicating Change: Winning Employee Support for New ...

Employees are much more likely to support change if they have gained some ownership of it in the planning stages. The benefits and the urgency of change need to be communicated. One way to provide some reassurance to employees who are nervous about change is to inform affected people of the aspects of their work that will be preserved.

Communicate to change behavior ahead of organizational ...

Managing and communicating change In the context of change and uncertainty, it is vital for organisations to support and communicate effectively with their workforce and help build resilience As businesses adjust to the prospect of the UK leaving the European Union, organisations are facing a continuing period of uncertainty and change.
