Theirs to Examine. Theirs to Master. After nineteen-year-old Jenny Monroe is caught stealing from the home of a powerful politician, she is sent to a special prison in deep space to be trained for her future role as an alien's bride. Despite the public bare-bottom spanking she receives upon her arrival at the detention center, Jenny remains defiant, and before long she earns herself a trip to the notorious medical wing of the facility. Once there, Jenny quickly discovers that a sore bottom will now be the least of her worries, and soon enough she is naked, restrained, and shamefully on display as three stern, handsome alien doctors examine and correct her in the most humiliating ways imaginable. The doctors are experts in the treatment of naughty young women, and as Jenny is brought ever closer to the edge of a shattering climax only to be denied again and again, she finds herself begging to be taken in any way they please. But will her captors be content to give Jenny up once her punishment is over, or will they decide to make her their own and master her completely? As an unauthorized third child, nineteen-year-old Aimee Harrington has spent her life avoiding discovery by government authorities, but her world comes crashing down around her after she is caught stealing a vehicle in an act of petulant rebellion. Within hours of her arrest, she is escorted onto a ship bound for a detention center in the far reaches of the solar system. This facility is no ordinary prison, however. It is a training center for future brides, and once Aimee has been properly prepared, she will be intimately, shamefully examined and then sold to an alien male in need of a mate. Worse still, Aimee's defiant attitude quickly earns her the wrath of the strict warden, and to make an example of her, Aimee is offered as a wife not to a sophisticated gentleman but to three huge, fiercely dominant warriors of the planet Ollorin. Though Ollorin males are considered savages on Earth, Aimee soon realizes that while her new mates will demand her obedience and will not hesitate to spank her soundly if her behavior warrants it, they will also cherish and protect her in a way she has never experienced before. But when the time comes for her men to master her completely, will she find herself begging for more as her beautiful body is claimed hard and thoroughly by all three of them at once? Who knew reading sexy alien abduction stories could get a girl into trouble? Or that an e-reader could also be the gateway to another galaxy? I definitely didn't... but here I am anyway, mated to the Tsenturion High Commander just like the unwilling human heroines in my favorite sci-fi romances. The Commander demands obedience. He intends to claim me, train me, and turn me into his perfect little pleasure trophy. He doesn't believe in love. I don't believe in giving in without a fight. There's no amount of discipline or ecstasy that could break me to his will... I hope. Alien Captive is a hot alien abduction romance, starring one feisty human and the Tsenturion Warrior strong enough to master her. Disclaimer: the authors are not responsible for any actual alien abductions that may result should you purchase this book.

These aliens are looking for love in all the wrong solar systems... Cutlass never thought he 'd be stuck on some backward planet in a solar system with only one sun. Earth wasn't his home, but he 'd find a way to survive there if it meant finding a mate. He could put up with their ancient mechanical devices and a name that wasn't his own for the right woman. Chloe never imagined she 'd sign up to be some sort of modern-day mail order bride. But too much wine and an internet connection were a bad combination, especially when the life she imagined seemed so much greater than the life she was living. Everyone stretches the truth on those dating websites, right? One ad in a space station, one night of too much drinking, and one hotel room that will never be the same. What would you do if you found out the man from your fantasies was actually the man from your science fiction?

On his planet, husbands own their wives. Julie is desperate to travel to Tarrkua and join her sister--the only family she has left in this universe. But to reach the distant alien planet, she must assume the identity of another Earth woman who's supposed to marry a Tarrkuan. Can she pull off the switch without her new alien husband learning of her deceit? After years spent in the asteroid mines, Varro returns to his home planet only to discover his betrothed has married another. Angry and hurt, he vows to never trust another female again, though he knows he must fulfill his duties to his people and procreate as soon as possible. Now he must take the human bride who's offered to him--a stranger from Earth, no less. But warmth fills him the moment he first glimpses his little bride, and her sweet demeanor soon wins him over. Perhaps an arranged marriage to a human is what the Gods had intended for him all along. Once Julie and Varro are married, he takes her home and claims her thoroughly, leaving no doubt in her mind that she now belongs to him. He also informs her that he's more than her husband--he's also her master--and she's expected to obey his every command. When she's naughty, he doesn't hesitate to apply a sturdy leather strap to her bottom. But he also possesses a gentler side and she can't help falling for the strict but loving alien. She also can't help but shudder in ecstasy as he claims her roughly, time and time again, leaving her breathless and trembling for his masterful touch. But all lies eventually unravel. What will Varro do when he learns of her deceit?

Theirs to Tame. Theirs to Train. When the scheming of her father's political enemies makes it impossible to continue hiding the fact that she is an unauthorized third child, twenty-year-old Isabella Bedard is sent to a detainment facility in deep space where she will be prepared for her new life as an alien's bride. Her situation is made far worse after some ill-advised mischief forces the strict warden to ensure that she is sold as quickly as possible, and before she knows it, Isabella is standing naked before two huge, roughly handsome alien men, helpless and utterly on display for their inspection. More disturbing still, the men make it clear that they are buying her not as a bride, but as a pet. Zack and Noah have made a career of taming even the most headstrong of females, and they waste no time in teaching their new pet that her absolute obedience will be expected and even the slightest defiance will earn her a painful, embarrassing bare-bottom spanking, along with far more humiliating punishments if her behavior makes it necessary. Over the coming weeks, Isabella is trained as a pony and as a kitten, and she learns

what it means to fully surrender her body to the bold dominance of two men who will not hesitate to claim her in any way they please. Publisher's Note: Taming Their Pet is a stand-alone novel which is the third book in the Captive Brides series. It includes spankings and sexual scenes. “ You will obey my every command. You will submit to my desires. I am your Master. ” My e-reader just transported me to another galaxy where alien warriors claim humans as their brides. And I'm given to the biggest, surliest one of them all...he's going to train me and claim me as his perfect pleasure mate. They've conquered Earth. She's next. I've lived in hiding since the Vakarrans arrived, helping my band of human survivors evade the aliens who now rule our world with an iron fist. But my luck ran out. Captured by four of their fiercest warriors, I know what comes next. They'll make an example of me, to show how even the most defiant human can be broken, trained, and mastered. I promise myself that I'll prove them wrong, that I'll never yield, even when I'm stripped bare, publicly shamed, and used in the most humiliating way possible. But my body betrays me. My will to resist falters as these brutes share me between the four of them and I can't help but wonder if soon, they will conquer my heart... Publisher's Note: Conquered is a stand-alone novel which is the first book in the Vakarran Captives series. It includes spankings, sexual scenes, intense and humiliating punishments, and strong D/s themes. If such material offends you, please don't buy this book.
