see encyclopedia Civil society advocacy includes influencing decision-makers, media outreach, citizen education, and various forms of civic engagement. It has grown strongly in recent decades, not least because of the increasingly multifaceted nature of politics in today's cosmopolitan world, which makes it difficult for a small number of political parties to adequately represent the diverse concerns of citizens.

Fully revised and updated, the second edition of the International Encyclopedia of the Social and Behavioral Sciences, first published in 2001, offers a source of social and behavioral sciences reference material that is broader and deeper than any other. Available in both print and online editions, it comprises over 3,900 articles, commissioned by 71 Section Editors, and includes 90,000 bibliographic references as well as comprehensive name and subject indexes. Provides authoritative, foundational, interdisciplinary knowledge across the wide range of behavioral and social sciences fields Discusses history, current trends and future directions Topics are cross-referenced with related topics and each article highlights further reading

"With all entries followed by cross-references and further reading lists, this current resource is ideal for high school and college students looking for connecting ideas and additional sources on them. The work brings together the many facets of global studies into a solid reference tool and will help those developing and articulating an ideological perspective." — Library Journal
The Encyclopedia of Global Studies is the reference work for the emerging field of global studies. It covers both transnational topics and intellectual approaches to the study of global themes, including the globalization of economies and technologies; the diaspora of cultures and dispersion of peoples; the transnational aspects of social and political change; the global impact of environmental, technological, and health changes; and the organizations and issues related to global civil society.
Key Themes:
• Global civil society
• Global communications, transportation, technology
• Global conflict and security
• Global culture, media
• Global demographic change
• Global economic issues
• Global environmental and energy issues
• Global governance and world order
• Global health and nutrition
• Global historical antecedents
• Global justice and legal issues
• Global religions, beliefs, ideologies
• Global studies
• Identities in global society
Readership: Students and academics in the fields of politics and international relations, international business, geography and environmental studies, sociology and cultural studies, and health.

With entries from leading international scholars from around the world, this eight-volume encyclopedia offers the widest possible coverage of key areas both regionally and globally. The International Encyclopedia of Political Science provides a definitive, comprehensive picture of all aspects of political life, recognizing the theoretical and cultural pluralism of our approaches and including findings from the far corners of the world. The eight volumes cover every field of politics, from political theory and methodology to political sociology, comparative politics, public policies, and international relations. Entries are arranged in alphabetical order, and a list of entries by subject area appears in the front of each volume for ease of use. The encyclopedia contains a detailed index as well as extensive bibliographical references. Filling the need for an exhaustive overview of the empirical findings and reflections on politics, this reference resource is suited for undergraduate or graduate students who wish to be informed effectively and quickly on their field of study, for scholars seeking information on relevant research findings in their area of specialization or in related fields, and for lay readers who may lack a formal background in political science but have an interest in the field nonetheless. The International Encyclopedia of Political Science provides an essential, authoritative guide to the state of political science at the start of the 21st century and for decades to come, making it an invaluable resource for a global readership, including researchers, students, citizens, and policy makers. The encyclopedia was developed in partnership with the
