The poster child for all of this anti-American demagoguery is NFL quarterback Colin Kaepernick, who in 2018 signed a multi-million-dollar contract to become a megaphone for Nike products.

Nike should quit lecturing on social justice — and atone ...

Nike went into Pakistan, having full knowledge of the favorable conditions prevailing in terms of child labor and has taken no precautions whatsoever to prevent the use of child labor in the production of its soccer balls. Instead Nike has made a profit from its Pakistani contractors who in turn has used bonded child labor in the production process.

TED Case Study: NIKE: Nike Shoes and Child Labor in Pakistan

In recent years, Nike has been criticized for its employment of child labor in Cambodia, but the company defended itself by saying fake evidence of age could be bought in Cambodia for as little as \$5. When it was exposed by the BBC as having employed children there, the company claimed it then re-examined the records of all 3,800 employees.

'We Blew It': Nike Admits to Mistakes Over Child Labor ...

By the 1990s, disturbing stories were coming from many of the Nike factories throughout the world. Some described child labor, wages well below the poverty level and forced overtime. Others told of physical abuse from factory overseers, exposure to dangerous chemicals and poor air quality.

Facts About Nike Sweatshops | The Classroom

Nike in Washington, Tyne and Wear, UK in the 1970s or early 1980s. Nike has been accused of using sweatshops since the early 1970s, when it produced goods in South Korea, Mainland China, and Taiwan. As these areas' economies developed, workers became more productive, wages rose, and many moved on to higher paying jobs.

Nike Called Out for Low Wages in Asia Amid Colin ...

Although Nike has established itself as a leading athletic brand and even as an endearing icon of American athleticism, it was not too long ago that the company was publicly scorned for its shameful use of child labor. Since its heyday, Nike had secured its success in part by an efficient, albeit ethically-questionable, business model where its manufacturing was outsourced to underpaid, under appreciated and often underage factory workers.
