The only thing standing between me and death is my secret. I'm a Legacy—a secret I'd planned on taking to my grave. Gareth, the enigmatic leader of the Supernatural Guild, knows it, but can I trust him to keep it? When mysterious deaths occur as a result of magic that mimics my own, I no longer have to worry about Gareth exposing me – it will be one of my own that does. Another Legacy is causing the chaos, and I'm forced to hunt my own kind. It seems simple, but we've existed for as long as we have because we're better hunters than prey. I'm forced to work with Gareth to clear my name and find the Legacy responsible. Not only is my secret about to be revealed—so is his. Gareth is much more dangerous than I expected. Is he my friend or my enemy?

I am Levy Michaels. Once my kind were the hunters—now we are the hunted. Supernaturals are out of the closet but I have to stay hidden because of the type of magic I possess. I'm a Legacy. It sounds like the title should come with reverence, a trust fund, or at the very least a cool backstory—instead it comes with a death sentence. I have to hide in plain sight and pretend to be just human. I'm pretty good at it. I live a simple and somewhat normal life, and I work in antique acquisitions. Everything's going fine until a dangerous and enchanted dagger that was once in my possession is stolen. I didn't think things could get any worse until I woke up next to a dead shifter, fae, and mage, without any memory of the past twenty-four hours. Considered guilty of murder by most of the magical community and humans, I must work with Gareth, the sexy and dangerous leader of the Supernatural Guild. If he's as good as rumored, it's only a matter of time until he discovers the truth about me—then being found guilty of murder is the least of my worries.

No one said life was going to be easy, but mine just keeps getting harder. My best friend has been abducted by a madman who seems to have returned from the dead with the sole goal of seeking revenge against me. She's my friend, but she's also essential in finding a cure for a virus that has the potential to destroy the supernatural world. Did I mention there's a war brewing between supernaturals and humans? My people, the Legacy, were responsible for the first supernatural war, and now I'm tasked with preventing the second.

When Darkness Falls, the third book in The Obsidian Trilogy from Mercedes Lackey and James Mallory Despite a great working of Wild Magic and High Magic that struck at the heart of the Demon Queen's evil plots, Knight-Mage Kellen and his Elven allies are still seen as enemies by the human Mage Council. The Elves and their allies must find a way to shatter the Demons' hold on the human Mages, for without their High Magic, the forces of Light will be destroyed by the forces of Darkness. The Commander of the Armies of Light decides to turn an Elven mine into a refuge for those driven from their homes by the war. Kellen is put in command of the force of engineers and warriors who will fortify the mine and does not learn until it is nearly too late that the caverns are full of Shadowed Elves. Vestakia, the half-human, half-Demon healer, finds that she has begun to be able to read the mind of her Demon father, Crown Prince Zyperis. The Demon Queen, Savilla, is preparing a great sacrifice that will summon He Who Is back to the world and make her the ultimate ruler forever. When Wild Mage Idalia learns of Savilla's plans, she knows there is only one way to prevent the coming of He Who Is. A very different sort of sacrifice must be made. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Secrets have consequences—and so do truths. I've been outed as a Legacy and there's nothing I can do but deal with the aftermath. I thought I could handle it—I was wrong. The city is in chaos, and I have more enemies than allies. Some that I once called allies have quickly become my betrayers. Just when I didn't think things could get any worse, Conner resurfaces and he's ready to make everyone pay. Especially me. He's the least of my worries: a supernatural assassin has been brought in to kill all the Legacy—and he's good at his job. One by one we are being killed off. Gareth, my only true ally, has his own problems dealing with another group that is set on ridding the world of supernaturals. Unless I can get the assassin before he gets me and Gareth can stop an organization bent on xenophobic destruction, we don't stand a chance in hell of surviving this.

"A city that doesn't believe in magic. A weredragon invasion. Good thing this reckless playboy is a wizard... It's been said that monsters cry when a good man goes to war. But they should run screaming like terrified school girls when that man is a wizard, and not necessarily good..."--Author's website.

The worlds of noble and guild are about to collide, with seventeen-year-old Allie Donovan as the catalyst... Allie lives in a shadow world until she is thrust into the light of the aristocratic St Matthew's Academy. More at ease with a blade than a needle, she is stalked along the ancient corridors by a Scottish lord intent on determining why she is among them. She stumbles onto the reason when soldiers arrive to see her friend, Zeb, a mechanical genius. On the hunt for answers, she breaks into his underground laboratory. There, Allie discovers Zeb is not just constructing sentient mechanical creatures, he is building a devastating new weapon for the military. To protect her friend, Allie will have to stop the guilds from snatching the weapon and its creator. But if she betrays her world, she forfeits her own life. Unless she can rely on bonds of friendship to save both their lives... A historical fantasy academy adventure perfect for fans of Libba Bray, Marissa Meyer, and CJ Archer. Sealed by magic, it guards a dangerous secret that has been contained for thousands of years. As Warden, Ryxander knows the warning passed down through generations: nothing must unreal the Door. Differences must be put aside when vengeance becomes all-consuming. Understanding their connection might be Anan and Terja's only hope.
