The assessment is in two parts: a written part and a clinical stimulation part. Each part will be completed at different times. If offered, candidates can attempt both parts on the same test day. Candidates that pass both parts receive a Registered Respiratory Therapist (RRT) credential. The written section has 160 test items in multiple-choice format.

RRT Exam - Study Guide Zone

The RRT credential is nationally recognized as the "standard of excellence" for respiratory care professionals. The examinations for the RRT credential objectively and uniformly measure essential knowledge, skills and abilities required of advanced respiratory therapists. The NBRC evaluates the competency of respiratory therapists and ensures that graduates of accredited respiratory care education programs have every opportunity to earn the RRT credential.
