second language learning. The focus throughout the book is primarily on language learning, but each chapter also discusses the implications for teaching and assessment, thus informing both understanding and practice. The book contains nine sections, which aim to organise and reflect different dimensions of the diverse and complex scope of learning English as a second or additional language. Four themes which permeate the chapters are: learning and learners; learning and language; learning and language development; learning and learning context. The 36 chapters are up-to-date and authoritative, written by experts in the field. The content is accessibly written, with questions for discussion and follow-up reading suggestions provided.

Cambridge IELTS 11 contains four authentic IELTS past papers from Cambridge English Language Assessment, providing excellent exam practice. The Student's Book with answers allows students to familiarise themselves with IELTS and to practise examination techniques using authentic tests. It contains four complete tests for Academic candidates. An introduction to these modules is included in the book, together with an explanation of the scoring system used by Cambridge English Language Assessment. There is a comprehensive section of answers and tapescripts at the back of the book. Audio CDs containing the material for the Listening Tests, and a Student's Book with answers with downloadable Audio are sold separately. These tests are also available as IELTS Academic Tests 1-4 on Testbank.org.uk

"These Practice Materials are intended to give IELTS candidates an idea of what the test is like. They also give candidates the opportunity to test themselves to see whether their English is at the level required to take IELTS. These practice materials are approved by the British Council, Cambridge ESOL and IDP: IELTS Australia" -- Introd.

Instruction covering four exam modules: listening, reading, writing and speaking. Includes one practice test and answer key. Script of accompanying audio recording.

This volume reports research that informs the development of reading and listening assessment in IELTS. This volume brings together a set of eight IELTS-related research studies - four on reading and four on listening - conducted between 2005 and 2010. Findings from these studies provide valuable evidence on the validity, reliability, impact and practicality of the IELTS test; they are also instrumental in highlighting aspects needing attention, and thus directly inform the continuing evolution of the IELTS reading and listening tests. The volume reviews and comments on the specific contribution of each study to the ongoing process of IELTS reading and listening test design and development.
