As a handful of authors compete to recount President Donald J. Trump's last year in office, Twitter is strewn with vividly reported snapshots of a monumental year in American history.

Moving, harrowing, and ultimately uplifting, Lori Schiller's memoir is a classic testimony to the ravages of mental illness and the power of perseverance and courage. At seventeen Lori Schiller was the perfect child—the only daughter of an affluent, close-knit family. Six years later she made her first suicide attempt, then wandered the streets of New York City dressed in ragged clothes, tormenting voices crying out in her mind. Lori Schiller had entered the horrifying world of full-blown schizophrenia. She began an ordeal of hospitalizations, halfway houses, relapses, more suicide attempts, and constant, withering despair. But against all odds, she survived. In this personal account, she tells how she did it, taking us not only into her own shattered world, but drawing on the words of the doctors who treated her and family members who suffered with her.

At a summer camp in 1976, a 17-year-old girl suddenly hears a voice in the night. Booming out through the darkness, it makes her bolt awake. It says things that she has never before imagined. And it will be with her for years to come, tormenting her, robbing her of her sanity and very nearly her life. Lori Schiller was the perfect child - bright, affectionate, and joyfully alive. The firstborn and only daughter of a close-knit family she led a carefree, tranquil life, unaware that within her a secret illness was taking root. Then, at age 17, she began to hear voices in her mind. She told no one. Although the voices became more frequent and sinister, she still managed to graduate from high school, go to a good college, even begin a career. By 23, the voices seemed to take total control: Lori made her first suicide attempt. Soon she was pulled into the mental health care system, beginning an ordeal of institutions, halfway houses, relapses, more suicide attempts and a screaming, full-blown schizophrenia that seemed beyond the reach of any cure. As a chronicle of Lori's madness, *The Quiet Room* offers a rare and powerful look into a terrifying shadow world. But *The Quiet Room* is even more remarkable because Lori herself has been able to describe her ordeal. In 1989, she began to emerge from the darkness - driven by her own will to survive and an experimental new medication that gave her the first inner peace she had known in years. Drawing on Lori's own diaries and fragmented memories, as well as accounts from her family, friends, and doctors, this book takes us into the terrible "quiet room," the isolation chamber in which she was confined when the voices overtook her through the therapy sessions and relapses all the way to Lori's triumphant recovery. Perhaps the most important book ever written about schizophrenia, *The Quiet Room* is as powerful today as *I Never Promised You a Rose Garden* was in its time. It offers hope for anyone touched by mental illness - and is a lesson in survival and courage for us all.

I have asked permission to dedicate this book to you not only in memory of the happy evenings I have

spent with you in Saigon over the last five years, but also because I have quite shamelessly borrowed the location of your flat to house one of my characters, and your name, Phuong, for the convenience of readers because it is simple, beautiful and easy to pronounce, which is not true of all your country-women's names. You will both realise I have borrowed little else, certainly not the characters of anyone in Viet Nam. Pyle, Granger, Fowler, Vigot, Joe—these have had no originals in the life of Saigon or Hanoi, and General The is dead : shot in the back, so they say. Even the historical events have been rearranged. For example, the big bomb near the Continental preceded and did not follow the bicycle bombs. I have no scruples about such small changes. This is a story and not a piece of history, and I hope that as a story about a few imaginary characters it will pass for both of you one hot Saigon evening.

Quiet Room is a collection of Zen poetry by 14th century Zen master Jakushitsu—widely considered to be one of the finest poets of the genre. The poetry of Rinzai Zen master Jakushitsu remains as fresh and resonant today as when it was written centuries ago. Now his brilliant, poignant zen poetry, carefully translated by Zen practitioner Arthur Braverman, is available in English for poetry and Zen enthusiasts to read and savor. This, the most complete selection of Jakushitsu's work, is also put into context by Braverman with thoughtful excerpts from Buddhist scripture and other relevant sources. Here we see the full scope of Jakushitsu's timeless thinking, and along the way gain a greater understanding of Japanese Zen practice, the culture of traditional Japan, and of ourselves.

All quiet is not created equal. In this irresistibly charming picture book, many different quiet moments are captured, from the anticipation-heavy "Top of the roller coaster quiet" to the shocked-into-silence "First look at your new hairstyle quiet." The impossibly sweet bears, rabbits, fish, birds, and iguanas are all rendered in soft pencils and colored digitally, and, as in all of the best picture books, the illustrations propel the story far beyond the words. A sure-to-be-a-classic bedtime favorite. Awards: 2011 ALA Notable Children's Book, 2010–2011, New York Times bestseller, 2011 CCBC Choices, 2011 NCTE Notable Children's Trade Book, 2010 New York Times Notable Book, 2010 Publishers Weekly Best Book of the Year, 2010 School Library Journal Best Book of the Year

"Dueling narratives propel this stunning psychological suspense...Hitchcock fans won't want to miss this nuanced, multilayered novel."—Publishers Weekly A captivating tour de force untangling trauma, memory, and the justice we serve when everyone else has turned a blind eye. Good girls keep quiet. But quiet girls can't stay silent forever—and the consequences are sure to make some noise. When Alex arrives in Provincetown to patch things up with his new wife, Mina, he finds an empty wine glass in the sink, her wedding ring on the desk, and a string of questions in her wake. The police believe that Mina, a successful romance author, simply left, their marriage crumbling before it truly began. But what Alex finds in their empty cottage points him toward a different reality: Mina has always carried a secret. And now she's disappeared. In his hunt for the truth, Alex comes across Layla, a young woman with information to share, who may hold the key to everything his wife has kept hidden. A strange, quiet girl whose missing memories may break them all. To find his missing wife, Alex must face what Layla has forgotten. And the consequences are anything but quiet. In her debut thriller, S.F. Kosa presents a tightly-woven book sure to inspire questions about trauma, memory, and how well we ever know the people we love. "Prepare to be enthralled—The Quiet Girl will grab your emotions and then hang on with a death grip. Atmospheric and twisty enough to deliver whiplash, S.F. Kosa writes with a keen eye for detail and surprise endings. A compelling narrative that hums with momentum long after the reader is done."—Maureen Joyce Connolly, author of Little Lovely Things

"...the story of a woman from the second-generation, German-immigrant community of Evansville, Indiana. During the early twentieth century this community finds itself lashed by the sweep of local and global events that leave no one untouched." "The novel follows the steps and missteps of Liese Stephens, daughter of an evangelical preacher and his ailing, passionless wife. Neither spare time for

Get Free The Quiet Room Book Jansbooksz

their daughter and both are oblivious to her mistreatment at the hands of an elder. Thrust by default into the responsibilities of adulthood while still a child, Liese stumbles in relationships with the men in her life - her young cousin by marriage, an Irish farmhand, and a worldly-wise railroad man. Each introduce her to unfamiliar terrain and temptation, yet the scars of her early days leave Liese unable to respond on an emotional level." -- back cover.

Finding the Quiet Mind is a practical approach to beginning meditation that will lead the reader step-by-step into finding more calmness and reaching inner resources of joy and power for daily life. It synthesizes teachings from both Eastern and Western philosophies in contemporary language appropriate for all modern readers, regardless of their religion or worldview, and assumes that most people can benefit from meditation without relying on an external teacher. Included are tips on body posture, breath, and mantras, as well as a chapter on mediating for the wellbeing of others. Author Robert Ellwood is Distinguished Professor Emeritus of Religion at the University of Southern California.

Widower Penn Cage returns to his hometown of Natchez, Mississippi, where, finding that his father is being blackmailed, he reopens a notorious murder case that involves powerfully dangerous town forces, the FBI, and his own past. Reissue.

How is it that Betsy Wheeler makes me feel both accompanied by and accompaniment to her seductive, disarming, and lushly inventive poems? "Everything is what we need," she writes in Loud Dreaming in a Quiet Room. And in this dream, everything is what we get. Such intensity, richness, humor, and unabashed innocence in these poems. I love their lyricism, their playfulness with the poetic conventions of you and I, and the joy they take in making music. An auspicious and captivating debut! -Kathy Fagan In many of the poems of this confident and moving first collection, the speaker is either falling asleep or waking. This is because she deeply desires and hopes for change: a new life, full of love, compassion, imagination, and awareness. "Something this good, this beyond/ the realm of possibility/ should be called gleaming." These poems, through their gorgeous, often strange, yet always accessible language, bring us into the necessary struggle - familiar, worrisome, ludicrous, sublime, essential - to wake to live in a more authentic, imaginative, freer realm. -Matthew Zapruder Rare synthetic intelligence, sympathetic imagination, emotional equilibrium, versatility and flexibility, a book conditioned to be open, welcoming, kind and true, a collection carefully shaped, carefully said. These poems say poetry - you don't want to spare poetry, you want to keep a place prepared for it, to entice it to come along, anytime. Loud Dreaming in a Quiet Room. Loud Dreaming in a Quiet Room. Astonishing. -Dara Wier Betsy Wheeler completed her MFA in poetry at The Ohio State University. From 2005-2007, she held the Stadler Fellowship at Bucknell University. She is Managing Director for the Juniper Summer Writing Institute at U-Mass, Amherst and is editor of Pilot Books-a publisher of limited edition poetry chapbooks. She lives in Northampton, Massachusetts.
