Zen of Listening does more than just address the importance of listening; it teaches us how to listen by providing practical direction and useful suggestions. In an age of distraction, bias and rampant disrespect, mindful listening can enhance our personal and professional relationships and return us to full, active, and conscious participation in our own lives.

Rebecca Shafir's award-winning book,
The Zen of Listening ...

Listening is the first step in making people feel valued. Mindful listening allows us to do more than take in peoples words; it helps us better understand the how and why of their views. □ Rebecca Z. Shafir, The Zen of Listening: Mindful Communication in the Age of Distraction. 0 likes.

The Zen of Listening Quotes by Rebecca Z. Shafir

In my experience, mindful listening is active listening and it is a powerful mindfulness practise that benefits both the person speaking and the person listening. The speaker feels listened to and knows that they have been listened to, and the listener gains far deeper insight into what the speaker really means.

Mindful Listening - How To Listen Beyond The Spoken Words

In her 2000 book, "The Zen of Listening," Shafir says mindful listening helps you to:
Retain information. Pause before you speak so that you can consider the effect of your words. Pay attention for longer. Boost your self-esteem. Shafir and Scott also suggest mindful listening can
