This volume seeks to explore theoretical frameworks, methodology and field practice suited to the late antique Mediterranean. Broad themes such as long-term change, topography, the economy and social life are covered, but in terms of specific issues and evidential problems currently being tackled by scholars of late antiquity.

eBook

From the late nineteenth century on there was a US journal and community of practice centred around social education (see, for example, Scott 1908). Dewey, through the work of Hebart - and his knowledge of Rousseau, Froebel and Pestalozzi - sought to develop what could be described as child-centred theory.
